

Dear Residents, Families, and Staff,

TODAY'S DATE: 8/15/2023

Currently, we have –

**0 staff**

**1 resident**

All our staff members continue to follow public health recommendations to reduce the risk of spreading COVID-19. In addition, we continue to enforce up-to-date infection control measures. These include strict handwashing procedures and the use of PPE. Residents are being monitored for signs and symptoms of COVID-19, and employees are being screened before reporting to duty and throughout the day.

We know this is a difficult time for everyone. We will continue to provide the best quality of care to our residents. We also recommend that if you are not feeling well or have been exposed to someone who is ill, please consider postponing your visit until you are feeling better. In the meantime, we can arrange for Facetime visits or telephone calls. Feel free to call me directly if you need assistance and please do not hesitate to reach out to us with any questions or concerns you may have.

Thank you,

*Suzanne Anair*
